## NOTICES.

The list of "Officials of the Association" has been omitted from this number, as the addresses take up so much room.

The Editor wishes to thank most heartily the following students who have helped so efficiently to bring the address list up-to-date: Misses Bradley, Davis, Drury, Edwards, Francis, Franklin, M. Good, W. S. Henderson, Lobjoit, Pollard, Harriet Smeeton, Tillman, Wood, and Mrs. Hughes-Jones. The Editor will be most grateful to receive any information about the uncertain or unknown addresses.

Several references will be found in this number to Miss Krüger's "Phono-Rhythmic Method of French Pronunciation." Miss Krüger gave a lecture on her method at 50, Porchester Terrace, some little time ago, of which a short account will be found further on, and her success is amazing, not only in obtaining and giving to her pupils an irreproachable accent, but also in teaching others how to pass on this accent to their pupils. We all know how difficult that is!

In answer to a request from the S.E.C., Miss Krüger is most kindly going to give a Free Lecture on the method on Saturday, February 1st, at 3.30 p.m., at 13, Chilworth Street, W.—that is, on the day of the regular Students' Meeting. All students who can possibly do so should come to this lecture, and afterwards those who wish can make up a class and have lessons from Miss Krüger. Will those who are coming let Miss Evans know a few days beforehand, so that she may know how many to expect?

It has been suggested, owing to the keen interest roused by the Morris Dancing at the Students' Meeting in November, that it would be a good plan to arrange for a professional lady to come and give us a lesson at the March meeting; that would be on March 1st. Miss Evans very kindly says she would be pleased to arrange for this if we could guarantee a sufficiently large attendance to make it worth while. The fee would be 10s. 6d., and of course, the greater the number of students, the less would be the cost per head. Will all students who could come let Miss Gray know by February 1st, if possible, so that arrangements can be made.

It has been suggested that more use might be made of the *Children's Quarterly* for the children themselves to write in. It would be so interesting for children to read what others like themselves had found out or seen. Perhaps students will see their way to suggesting this to their pupils.

Several most interesting articles have had to be held over for the next number owing to want of space.

The next number of L'UMILE PIANTA will appear on March 15th. All communications should reach the Editor not later than February 23rd.
